Dear Chair Granger and Ranking Member DeLauro:

I am requesting funding for the **Pt. Reyes Senior Housing** project in fiscal year 2024. The entity to receive funding for this project is **Eden Housing Inc.**, located at 22645 Grand Street, Hayward, CA 94541.

The funding would be used to deliver affordable workforce housing for families, seniors, and agriculture workers at the former Coast Guard Pt. Reyes site. Federal funding will support creation of 15 units of senior housing on the 32 acre site.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(4).

The project is an appropriate use of taxpayer funds because affordable housing for seniors is critical to the region. With adaptive reuse of existing buildings, Zero Net Energy campus, and preservation of natural riparian habitat, this project is a model for environmental stewardship in a state where climate change resiliency is of great necessity and importance. The site contains several environmentally sensitive habitats including a coastal stream, riparian woodland areas, and a seasonal wetland habitat for various flora and fauna – all of which will be preserved with all new uses taking place within the existing developed footprint.

I certify that neither I, nor my immediate family, has any financial interest in this project.

Sincerely,

Jared Huffman
Member of Congress
