

Rep. Huffman received 1213 responses to a survey sent out on June 20, 2014:

Dear Friend,

I want to hear your thoughts on how to make your daily commute easier and improve our roads and public transportation options.

Congress has tough decisions to make on where and how to prioritize transportation funding: from ferry expansion to the congested Highway 101 Sonoma/ Marin Narrows. This will only get more challenging as the Highway Trust Fund, which funds transportation projects across the United States, is [likely to go broke this August](#).

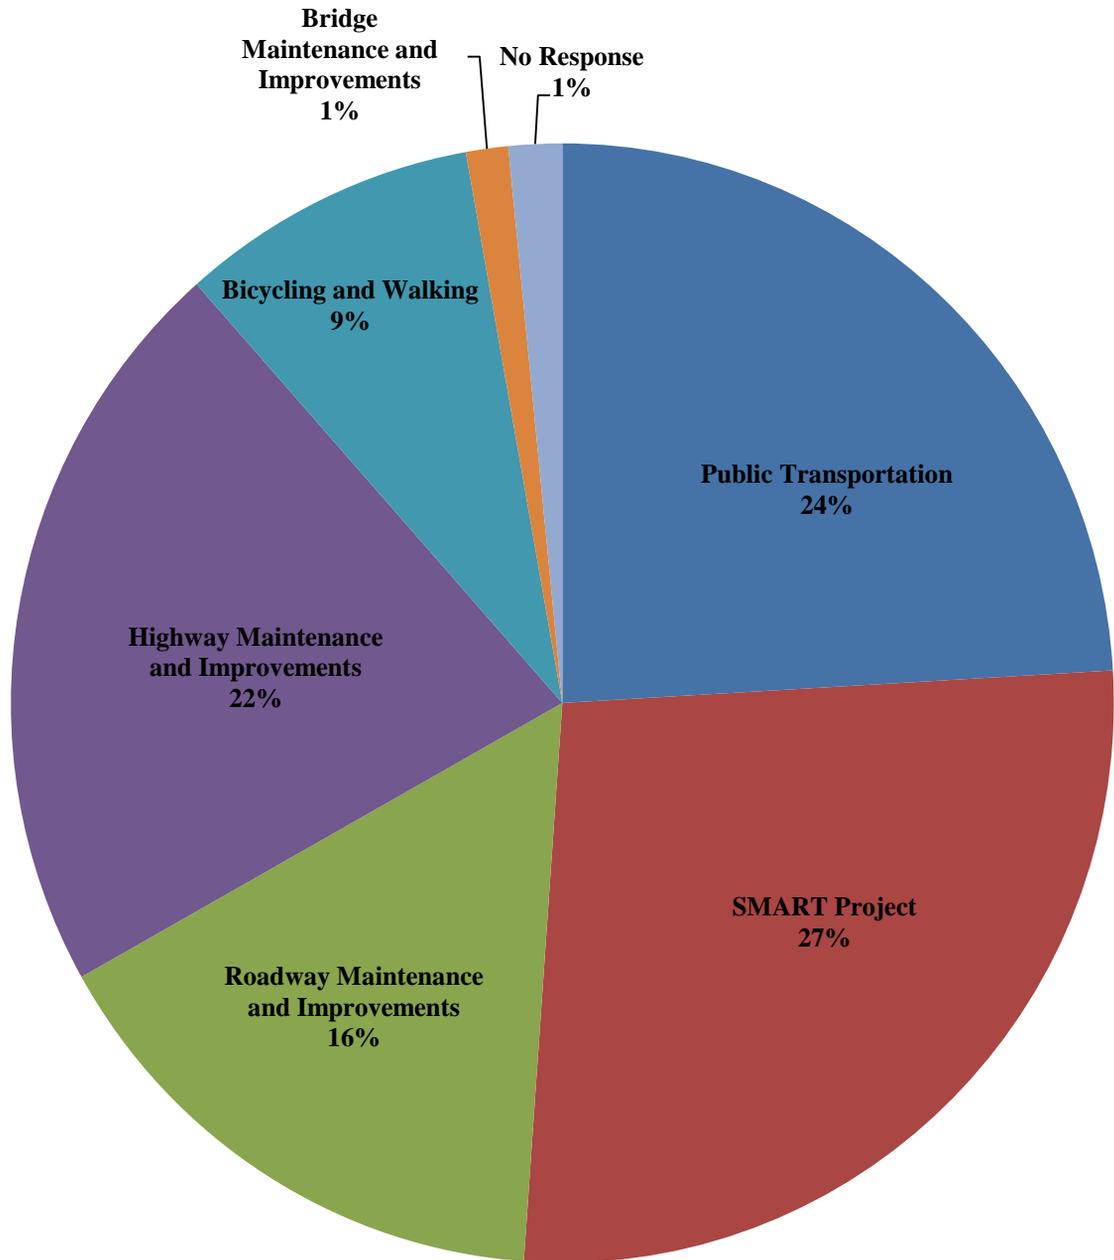

This could be disastrous for the North Bay's transportation infrastructure: federal funding helps support public transportation programs, regular maintenance of our highways, and urgent projects to ensure the safety of our roads and bridges.

I'll be holding a transportation summit in Petaluma on June 30, 2014 with city, county, and federal officials to discuss what we can do to prepare—and how we can prevent this shortfall from happening. I hope you can join me – this event is free and open to the public.

*North Bay Transportation Summit
June 30, 2014, from 6:00 – 7:30 p.m.
Petaluma Community Center
320 North McDowell Blvd.
Petaluma, CA 94954*

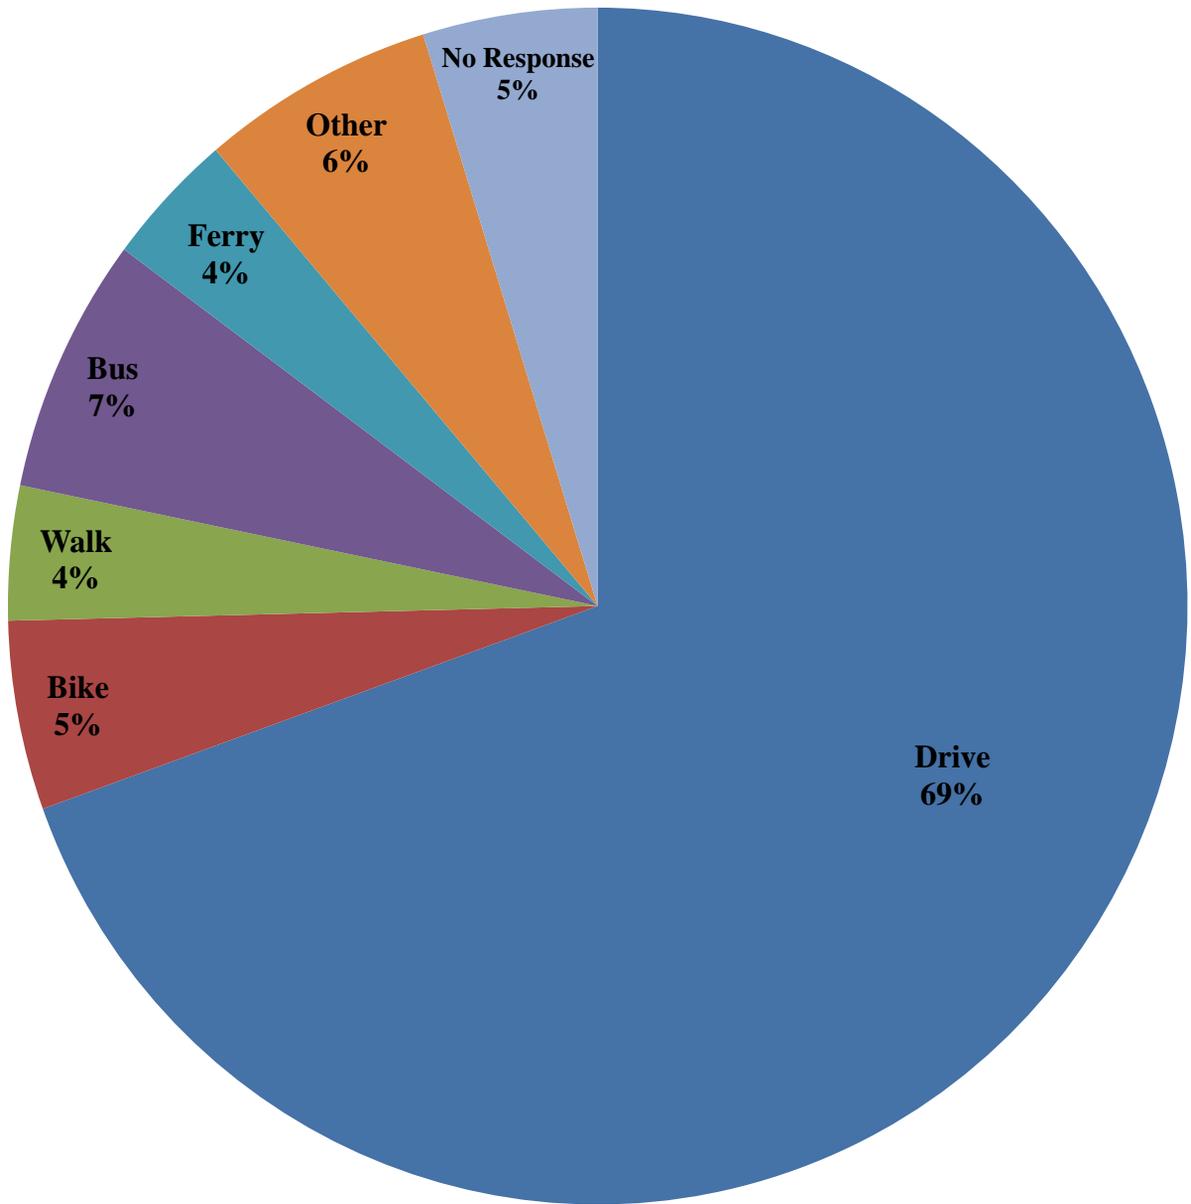

If you can't come, I want to make sure your ideas are represented in this meeting. I hope you can fill out the brief survey below. Please share your thoughts on the state of the North Bay's transportation infrastructure: what you're happy with, what you think our priorities should be, and what we can work together to do better.

What specific improvement or repair should be the main transportation priority for Marin and Sonoma Counties?
