JARED HUFFMAN

U.S. CONGRESSMAN SERVING CALIFORNIA'S 2ND DISTRICT

A Letter from Congressman Huffman

Dear friends,

My thoughts go out to all who have been affected by the wildfires in our region. I continue to find inspiration in the strength and resiliency of our communities in response to disasters, and I am proud to serve you in Congress.

Wildfires are nothing new to us in California, but over the past five years we have experienced increasing threats that require adapting the way we prevent and respond to fires, including the COVID-19 pandemic.

I remain grateful for the first responders, the thousands of people who have answered the call to protect homes and save lives, and the thousands more who volunteer and serve in affected communities; all while following new protocols. As these efforts continue, my office is here to help you navigate the available government recovery programs and services.

- If you need help replace missing Social Security cards, passports, other federal documents, or lost or damaged medals for veterans—call us.
- If you are looking for your mail—we can help.
- If you are a farmer, rancher, vineyard owner, or other producer, or if you are in another specialized industry that might need targeted assistance—please don't hesitate to ask.

Most importantly: If you aren't sure where to go to solve your issues, please call [one of my district offices](#). If we aren't the right place to get you what you need, my staff will guide you to the state and local resources too.

My staff and I are here to help—indeed, we are eager to help—in any way we can. And we are here for the longhaul to provide recovery assistance for as long as it takes. As your representative, I will continue to work with my colleagues and government partners to make sure that dealing with natural disasters in California are fully supported.

Sincerely,
JARED HUFFMAN

Member of Congress

the Office of Rep. Jared Huffman

Summary of Assistance

Quick Guide

Summary (see page pp. 9-13 for more details)

Road Closures: Updated information on road closures county-by-county can be found [here](#) and [here](#).

FEMA: Depending on post-disaster conditions and severity, a Major Disaster Declaration may be established for any Northern California counties affected by wildfires. If you are affected by the fires that have this designation, please start by registering at www.disasterassistance.gov so that you can get the help you need. If you have a speech disability or hearing loss and use TTY, call 1-800-462-7585. Para Español: www.disasterassistance.gov/es o llame al 800-621-3362

Small Business Administration (SBA): SBA has a separate activation process from other emergency declarations. If that process is initiated, Small Business Administration (SBA) loans will be available for the affected area. These low-interest disaster loans are not just for small businesses. They are available to qualifying businesses of all sizes, private non-profit organizations, homeowners, and renters. SBA disaster loans can be used to repair or replace the following items damaged or destroyed in a declared disaster: real estate, personal property, machinery and equipment, and inventory and business assets. Learn more online: <https://www.sba.gov/funding-programs/disaster-assistance>

Disaster Unemployment Assistance: If you have lost a job due to the disaster, or if you are an employer who had to shut down operations, you may be eligible for relief from the State of California, including Unemployment Insurance or extensions on state payroll reports and taxes. You can learn more about disaster related services from the California Employment Development Department at [http://www.edd.ca.gov/About EDD/Disaster Related Services.htm](http://www.edd.ca.gov/About_EDD/Disaster_Related_Services.htm) and you can file for unemployment benefits online at [https://edd.ca.gov/Unemployment/UI Online.htm](https://edd.ca.gov/Unemployment/UI_Online.htm). You can also file by phone, Monday-Friday, 8:00 a.m.-12:00 p.m., by calling 1-800-300-5616 for English or 1-800-326-8937 para Español.

the Office of Rep. Jared Huffman

Public Disasters During COVID-19

Preparing to Go to a Public Shelter

- If you may need to evacuate, prepare a “go kit” with [personal items](#) you cannot do without during an emergency. Include items that can help protect you and others from COVID-19, such as hand sanitizer with at least 60% alcohol, bar or liquid soap, disinfectant wipes (if available) and at least two masks for each person. Masks should not be used by children under the age of 2. They also should not be used by people having trouble breathing, or who are unconscious, incapacitated, or unable to remove the mask without assistance.
- [Make a plan and prepare a disaster kit for your pets](#). Find out if your disaster shelter will accept pets. Typically, when shelters accommodate pets, the pets are housed in a separate area from people.
- Find out if your local public shelter is open by checking with your county office of emergency services in case you need to evacuate your home and go there. Follow guidance from your local public health or emergency management officials on when and where to shelter.
- Follow [safety precautions when using transportation](#) to evacuate. If you have to travel away from your community to evacuate, follow [safety precautions for travelers](#) to protect yourself and others from COVID-19.

Protect Yourself and Others in the Shelter

- Follow [CDC COVID-19 preventive actions](#) and your county’s requirements—wash your hands often, cover coughs and sneezes, and follow shelter policies for wearing [masks](#). Avoid sharing food and drink with anyone.
- Follow disaster shelter policies and procedures designed to protect everyone in the shelter.
- Avoid touching high-touch surfaces, such as handrails, as much as possible. [Wash hands](#) with soap and water for at least 20 seconds or use hand sanitizers with at least 60% alcohol immediately after you touch these surfaces.
- Keep your living area in the shelter [clean and disinfect](#) frequently-touched items such as toys, cellphones, and other electronics.
- [If you feel sick](#) when you arrive at the shelter or start to feel sick while sheltering, tell shelter staff immediately.

Prepared at taxpayer expense by
the Office of Rep. Jared Huffman

Wildfire Smoke

- The best way to protect against the potentially harmful effects of wildfire smoke is to reduce your exposure to wildfire smoke, for example, by seeking [cleaner air shelters and cleaner air spaces](#).
- Limit your outdoor exercise when it is smoky outside or choose lower-intensity activities to reduce your smoke exposure.

Create a cleaner air space at home to protect yourself from wildfire smoke

- Use a portable air cleaner in one or more rooms. Portable air cleaners work best when run continuously with doors and windows closed.
- If you use a [do-it-yourself box fan](#) filtration unit, never leave it unattended.
- During periods of extreme heat, pay attention to [temperature forecasts](#) and know how to [stay safe in the heat](#).
- Whenever you can, use air conditioners, heat pumps, fans, and window shades to keep your cleaner air space comfortably cool on hot days.
- If you have a forced air system in your home, you may need to speak with a qualified heating, ventilation, and air conditioning (HVAC) professional about different filters (HEPA or MERV-13 or higher) and settings (“Recirculate” and “On” rather than “Auto”) you can use to reduce indoor smoke.
- Avoid activities that create more indoor and outdoor air pollution, such as frying foods, sweeping, vacuuming, and using gas-powered appliances.

Know the difference between symptoms from smoke exposure and COVID-19.

- Some symptoms, like dry cough, sore throat, and difficulty breathing can be caused by both wildfire smoke exposure and COVID-19.
- Learn about [symptoms of COVID-19](#). Symptoms like fever or chills, muscle or body aches, and diarrhea are not related to smoke exposure. If you have any of these symptoms, the CDC COVID-19 [Self-Checker](#) can help you determine whether you need further assessment or testing for COVID-19. If you have questions after using the CDC COVID-19 [Self-Checker](#), contact a healthcare provider.
- If you have [severe symptoms](#), like difficulty breathing or chest pain, immediately call 911 or the nearest emergency facility.

Prepared at taxpayer expense by
the Office of Rep. Jared Huffman

Stay informed. Know where to find information about air quality and COVID-19 in your area.

- Use the [Air Quality Index](#) (AQI) to check the air quality in your area.
- Visit [airnow.gov external icon](#) to find reliable information about wildfire smoke and air quality.
- If there is a large wildfire in your area, then there is likely an [Air Resource Advisor](#) assigned to provide wildfire smoke outlooks.
- For further information about wildfire smoke and your health, visit, <https://www.cdc.gov/air/wildfire-smoke/default.htm>.
- Visit the [CDC COVID Data Tracker](#) for more information about COVID-19.
- Check resources from [state, local, tribal, and territorial health departments](#) for more information on COVID-19 cases and deaths in a given area.

the Office of Rep. Jared Huffman

Major Disaster Assistance Programs

FEMA

Depending on post-disaster conditions and severity, a Major Disaster Declaration may be established for any Northern California counties affected by wildfires. This declaration includes three programs:

- **Public Assistance:** helps communities – state and local governments and certain nonprofit organizations – absorb the costs of emergency measures such as removing debris and repairing or replacing structures such as public buildings, roads, bridges, and public utilities.
- **Hazard Mitigation:** grants to local governments and tribes for post-disaster mitigation activities to reduce the risk and effects of future disasters, such as acquisition of high-risk properties, retrofitting buildings, and code enforcement.
- **Individual Assistance:** covers individual needs like disaster housing for displaced individuals, grants for needs not covered by insurance, crisis counseling, and disaster-related unemployment assistance.

If you are affected by the fires, please start by registering at <http://www.disasterassistance.gov> so that you can get the help you need.

Please have the following information available when you call or visit:

- A phone number and a reliable alternate in case FEMA needs to call you back
- Address of the damaged property
- Social Security number
- Bank account information (or direct deposit information)
- Insurance information (if you have insurance)
- Brief description of damages
- Current mailing address
- Pen and paper to write down your registration number

Government disaster assistance only covers basic needs and usually will not compensate you for your entire loss. If you have insurance, the government may help pay for basic needs not covered under your insurance policy.

Prepared at taxpayer expense by
the Office of Rep. Jared Huffman

Disaster-related assistance may include:

- Rental payments for temporary housing for those whose homes are unlivable
- Grants for home repairs and replacement of essential household items
- Unemployment payments for workers who temporarily lost jobs because of the disaster and do not qualify for state benefits (self-employed)
- Low-interest loans to cover residential losses not fully compensated by insurance
- Crisis counseling for those traumatized by the disaster
- Advisory assistance for legal veterans' benefits and social security matters.
- Disaster [SNAP](#) (Supplemental Nutrition Assistance Program)

Assistance for Indian tribal governments:

- A Chief Executive of a federally recognized tribal government may request (through FEMA) the President declare an emergency or major disaster for the tribal government *or* be considered as part of a state's declaration request.
- The tribal government, however, cannot receive the same type of assistance (i.e., Public Assistance, Individual Assistance, Hazard Mitigation) through both tribal *and* state declarations for the same incident.
- Before requesting a declaration, your tribal government must confirm that it has activated its emergency plan.
- Learn more online: <https://www.fema.gov/about/organization/tribes>

Small Business Administration (SBA)

Depending on post-disaster conditions and severity, the SBA can offer low-interest disaster loans. These loans are not just for small businesses. They are available to qualifying businesses of all sizes, private non-profit organizations, homeowners, and renters.

SBA disaster loans can be used to repair or replace the following items damaged or destroyed in a declared disaster: real estate, personal property, machinery and equipment, and inventory and business assets. Learn more online: <https://www.sba.gov/funding-programs/disaster-assistance>.

The process to apply for disaster assistance is simple. To qualify, your business or home must be in an affected area as stated by a disaster declaration at disasterloan.sba.gov.

- **Step 1:** Check disaster declarations
 - See if the SBA has issued a disaster declaration in your area
 - *If this hasn't happened yet, check back – it's possible a declaration hasn't been requested yet but will still come.*
- **Step 2:** Apply for a disaster loan

Prepared at taxpayer expense by
the Office of Rep. Jared Huffman

- Loans are available for businesses and homes affected by disaster
- **Step 3: Check your status**
 - Log in to your account and check your email for updates

State Taxes and Internal Revenue Service (IRS)

The IRS will automatically identify taxpayers located in the covered disaster area and applies automatic filing and payment relief. But affected taxpayers who reside or have a business located outside the covered disaster area must call the IRS disaster hotline at 866-562-5227 to request this tax relief.

In addition, for wineries and other businesses whose operations were affected by the fires TTB will consider waiving late filing, payment, or deposit penalties on a case-by-case basis. To qualify for such a waiver, a taxpayer must:

- Demonstrate, to the satisfaction of the appropriate TTB officer, that the fires directly affected your ability to timely file, pay, or deposit
- Contact the TTB National Revenue Center (NRC) at: 877-882-3277 or on their online contact form: https://www.ttb.gov/webforms/contact_nrc.shtml

Fire Management Assistance Grant Program

Depending on disaster conditions and severity these grants may be awarded to communities.

The grants are available to states, local and tribal governments, for the mitigation, management, and control of fires on publicly or privately owned forests or grasslands. The FMAG Program provides a 75 percent Federal cost share and the State pays the remaining 25 percent for actual costs. Eligible firefighting costs may include expenses for field camps; equipment use, repair and replacement; tools, materials and supplies; and mobilization and demobilization activities.

For more information on this program, visit <https://www.fema.gov/assistance/public/fire-management-assistance#>

Prepared at taxpayer expense by
the Office of Rep. Jared Huffman

Department of Agriculture (USDA)

The USDA has several disaster assistance programs for crop and livestock losses, to rehabilitate farmland, watersheds, and forests, and to provide support for rural businesses and homes. Please review their disaster resources online at: <https://www.fsa.usda.gov/programs-and-services/disaster-assistance-program/index>

You can contact your local USDA Service Center to get started:

Mendocino and Ukiah Service Center
